£200 trade-in on your existing machine
...from your local Meiko distributor

The Meiko ECO range offers superb build quality, guaranteed reliability and economy in use - combined with outstanding washing results.

All ECO machines incorporate a full range of features, normally offered as optional extras by many other manufacturers.

The added-value package includes:

- 3 year parts and labour warranty
- 3 service visits during warranty period
- Site survey upon receipt of order
- Disconnect and disposal of old machine
- Installation of new machine to within 1.0 metre of services
- Commissioning and operator training
- Detergent and rinse aid starter pack
- Standard package of washing baskets
- Available from stock for next day delivery
- Optional 4/5 year warranty

*Excluding misuse and accidental damage

The Meiko ECO Series

3 YEAR
WARRANTY*

- manufacturing excellence as standard!

The ECO range meets the needs of all professional caterers.

All machines are constructed throughout using high grade 304 stainless steel.

Additional features include large radius coved wash tank corners, tented ceiling and full external stainless steel cladding - ensuring easy cleaning and the highest hygiene standards.

Double wall construction ensures excellent sound and heat insulation.

All ECO front loading and hood-type machines include as standard:

- Detergent dosing pump with container**
- Rinse aid dosing pump with container**
- Integral rinse booster pump
- Drain pump for high level waste outlet
- Soft start feature on wash pump motor
- Wash and rinse from above and below
- Touch sensitive control panel (no buttons or switches)
- Self-cleaning cycle following drain down
- Standard package of wash baskets and a detergent and rinse aid starter pack
- Hose and cable connection kit supplied
- 1 or 3-phase, selectable at time of installation

** For front loading machines only

... and all backed up by the **best after sales technical support** in the UK catering industry.
